

POSTPONE SCHOOL OPENING ONE WEEK

NO WORD OF AIR PRINCESS

ACTION TAKEN AS SAFEGUARD, OFFICIALS SAY

Infantile Paralysis Situation Here Not Considered Alarming by Health Officials

COUNTY MAKES LIKE MOVE

St Mary's Parochial School Not To Start Term on Scheduled Date

Describing the situation as a "precautionary" move, health officials here today announced that the opening of the St. Mary's parochial school today will be postponed one week.

Similar action has been taken by the County School Superintendent, C. B. Resburn, and the Board of Education today to delay the opening of the county schools until Sept. 10.

One article is published in the Marion Star, Sept. 1, 1927, which states that the opening of the county schools will be postponed one week.

While no additional cases of infantile paralysis have been reported since the first case was reported, health officials are confident that the situation here is well in hand. It was deemed expedient to postpone the opening of the schools as an extra measure of safety.

Jubilee's Pardner

A Story of Boyhood Adventures

BY JIMMY MOULTON LEWIS

It was a warm, sunny day in the month of June, and the boys were out in the yard, playing their favorite game of tag. Jubilee, the oldest, was leading the chase, and the others were running and dodging. Suddenly, Jubilee stopped and pointed towards the old barn. "Look! A rabbit!" he shouted. The boys ran towards it, and Jubilee caught it. "It's a red rabbit!" he exclaimed. The boys were all looking at it with interest. "Where did it come from?" asked one of the boys. Jubilee looked thoughtful. "I don't know," he said. "But it's a real find!"

CITY SCHOOLS REDECORATED

Improvement Work Done by Janitors Practically Completed, Announcement

Work of repainting and redecorating the interior of the city schools is practically completed, announced today by Joseph H. May, superintendent of the schools.

The work largely painting redecorating was done in most cases by the various building departments only for the interior of the schools. The work was completed in the summer and the buildings were ready for the new school year.

New Cement Walks
Placing of a cement walk at the entrance of the main building at the Heights School is one of the attractive features of the new school. The new cement walk will be placed at the entrance of the main building at the Heights School.

Repairs Reported
Major repairs were reported at the Heights School. The repairs were reported by the janitors and the work was completed in the summer.

Although an estimate of the cost of improvements has been made, the whole will not exceed the amount reported by the janitors.

A failure still has one last try. He can sell the wool.

1. *Ch. 1* (Introduction) - This chapter introduces the book and the author's perspective on the role of the state in the economy. It discusses the historical context of the book and the author's view on the role of the state in the economy.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific information required.

[illegible][illegible]

1. The first part of the document is a letter from the President of the United States to the President of the Senate, dated January 1, 1877. The letter is signed by Rutherford B. Hayes and is addressed to Charles Schreyer. The letter is a copy of a letter that was sent to the President of the Senate by the President of the United States.
